

Are you looking for **affordable** housing in Devon?

There's now an easier way.

Council and housing association homes available to rent in Devon will now be advertised each week through **Devon Home Choice**. You'll be able to choose up to 3 homes a week that you want to 'bid' for.

From all the bids, the successful person or family will be one who is eligible, and has the highest housing need and has been waiting the longest.

What do you need to do to take part?

You will need to **register** with **Devon Home Choice** online or by completing an application form. For more information, go to our website or contact your local authority housing team.
